

Hello Class 1

Hi everyone,

It was really lovely speaking to you and your families last week. It sounds like you are all having great fun and going on some fantastic adventures (obviously remembering to social distance when out and about).

I have been hearing about lots of delicious things that you have been baking at home. As most of you know, I haven't had much luck with my bread making, but I'm not going to give up! If you have an EASY bread recipe that makes tasty bread, please send me so that I can try it out!

Last week I was working in the Ramsey hub again with Miss Liggins and as well as speaking to all of you on the phone, we did lots of lovely VE Day activities with the children. We finished off the week by decorating the playground with bunting and having a picnic outside, whilst listening to 1940's music. Did you do anything special on VE day?

Some exciting news in the Stewart household this week...
...we have been incubating some of our Silkie eggs and our first chick hatched out very early on Saturday morning. It is called Winnie (Maisie decided to name it after Winston Churchill since it started tapping out of the shell on VE day).

newborn

Please keep in touch. Maybe you could write me a letter and send some pictures of the lovely things that you have been doing.

My email address is louisestewart@online.sch.im
