

## **Class One Home Learning**

Remember to allow plenty of time for play, using your imagination both indoor and outdoors.

It's also really important to get some exercise each day too! I've heard that some of you have been riding ponies, playing golf in the garden, riding your bike, working out with Joe Wicks, climbing Snaefell, going out for walks and playing football. Well done everyone!

| Literacy  | Phonics flowers   | Book review   | Letter Der   |
|---|---|---|--|
| Remember<br>to read lots, practise<br>spellings and work on<br>letter formation.                                      | Select some of the digraphs that<br>we have been working on in school.<br>Draw a large flower and then<br>write the sound in the centre of<br>the flower. See if you can find lots<br>of words with that sound in it and then<br>write them on the petals. You could use<br>story books to help you, just like we do in<br>class. | Write a book review about your<br>favourite Book. Things to include:<br>*Title<br>*Author<br>*Illustrator<br>*Some information about the plot<br>of the story.<br>*Finish off your review with a picture.                           | Write a letter to tell me<br>about the lovely things that<br>you have been doing at home<br>with your family. Think about how to<br>structure a letter and remember to use<br>full stops at the end of a sentence and<br>question marks at the end of a question.<br>Post them to Dhoon school or email them<br>to me. |
| Numeracy<br>Remember<br>to work on counting,<br>number bonds and<br>times tables.                                     | Number BINGO<br>Create a bingo board for each<br>member of your family (or you can print<br>off some from the internet.) On small<br>pieces of paper write down numbers from<br>1 - 100. Put the numbers in a box or a bag<br>for the caller to pull out one at a time.   | Fractions<br>Make some toast or a sandwich<br>for each person in your family<br>and cut the bread into quarters.<br>Can you do it in a different way for each<br>person? How many ways can you do it?<br>What shapes have you made? | Weight<br>Find some items from the kitchen<br>and compare their weight. Put in order<br>from lightest to heaviest. If you have<br>some scales, have a go at weighing them.<br>Have a look at different packaging and see<br>if you can see how many grams they weigh.  |
| Theme<br>Remember to<br>use lots of creativity<br>and curiosity to help<br>you to learn about the<br>world around us. | <b><u>DT</u></b> Make your own musical instrument<br>Use a selection of materials to create your<br>own musical instrument. Maybe you and<br>your family could form a band! Think<br>about how to create different sounds<br>and see if it is possible to make<br>the sounds louder and quieter.                                  | Art Collage<br>Create a flower collage using different<br>types of paper. I can't wait to see the<br>different interpretations of this. Let your<br>imagination go wild!  | Science<br>If you have any seeds, try planting<br>the same type of seed in two different<br>pots with some compost. Place one pot in a<br>sunny position and the other pot in a dark<br>place. Remember to water them both.<br>Keep checking on them and them let me<br>know what happens!!!!                          |

"Children need the freedom and time to play. Play is not a luxury. Play is a necessity." - Kay Redfield Jamieson
