

## BEAT THE PARENTS ("BTP") BY HARRY STENNETT

BTP is a board game that is great fun and is designed to show who's the boss - the kids or the parents. BTP has hours of question answering fun and is an action packed trivia challenge. It is an exciting and dramatic board game, that never fails to disappoint. It is a Stennett family favourite and we always have fun when we play it!

### What's it all about?

The board consists of two sides: one for the parents and one for the kids. There are different counters and cards that are used during the game.

### Harry's Top Tip

Keep a watch out for the bust or bonus tokens these can make you move forward a space or move back a space.

### Summary

I enjoy playing the game with the whole family because of the intense rivalry it creates between the kids and the parents.

**No one wants to lose!**

This super fun board game creates a fun competitive environment, which makes it even more thrilling and enjoyable. My favourite thing about BTP is that you have to work together as a team, to try to dethrone the parents. It is so much fun!
