

MONOPOLY

Monopoly is my favourite game because, when you are playing you feel an excited energy. And no-matter how many times you play it, you always want to!

I Always play with my family. My MUM + Dad + brother, but my brother always wins!

A few tips to help you win!
try and get a colour set and put house and hotels on them, that way, when family and friends land on them you price will increase and you will win the game!
