You may use a **calculator** on these questions if you wish, but still **show your jottings** clearly in the boxes shown.

You have £10.00 to spend on yourself for a starter and a main course.
What will you buy and what change will you have? (show the coins)

You have up to £40.00 to spend on a special meal for your family. List the things you would all choose and work out the total cost. Also work out your change (show the coins/ notes)

Just to finish, list 5 things from the menu which you have never tried, but think you might like to if you had the chance. (This will help with ideas for food technology at school)
