Maths Concept Cartoons - Think about what each character is saying and why you agree or disagree with each person.
1.
3 is a factor of 29 .

Molly

Levi

Ready to have a go at this concept cartoon? It is a bit more challenging and I think you'll need to rely on related facts more.
2.

Molly
3 is not a

 by 4.

## How about this final concept cartoon?

3. 

I will discuss strategies, including using related facts, as part of Tuesday's live lesson.
