

Class 2 Rainforest Warm-up!

Good morning, Class 2!

For today's 'live' lesson, we thought it would be fun to do introduce our new theme, 'Rainforests'. To help you to prepare for the lesson, we'd like you to have a go at doing a little bit of research if you have time this morning. We'll share your findings this afternoon during our lesson!

Have fun and remember, if you're using the internet for your research, please do think about internet safety and make sure that you do 'safe' searches. Don't forget that books are a great source of information, too! You can write your answers on this sheet if you'd like to but a plain piece of paper will do just as well.

See you this afternoon! 😊

🐵 **How many different rainforests can you name?**

🐵 **Which countries have rainforests?**

🐵 **Can you find out the names of some rainforest plants?**

🐵 **How many rainforest animals can you name?**

🐵 **List five interesting rainforest facts.**

🐵 **Can you find any Rainforest 'technical' vocabulary?**
