

Today's extra challenges

1. Have a go at making your own 10 frame, add some counters and match the correct number to it. (There are some resources on the school website.)
2. Try out the 4 in a row game with your family. If you can't print out this resource, have a go at making your own number board!
3. Here is a link to a Number Blocks episode which is all about addition:
