Class 2 Feedback Guidance

When we open our GMail ...

We both really enjoy receiving your emails, especially the photographs, videos and documents that you send, some of you even email us recordings of yourselves reading which is fabulous – thank you! It really is great to keep in touch in this way and see what you've been getting up to!

We particularly like to see examples of the work you have completed from our learning grids and follow up activities, and these are the tasks we really like to focus on when we're feeding back to you on your work. We always try to reply to your emails on the same day, even if it's just to say 'thank you' and

Toby was in the gallay truthing into the next roomlessing of the clock knowing it's twenke of clock. Toby was looking at the picture in the snow part of the gallarithmic work expoging the snow part of the gallarithmic work of the ging to the gallay picture in the side of the gallarithmic into the girl, called use, the paining of the side of the side of the the girl, called use, the paining of the side of the side of the girl, called use, and how toby got on the actives of the Uther show and when the back of my states for the girl, called use of the was and how toby got on the actives of the use of the side was and how toby got on the active of the off grand when the was called on the back of my states for the girl, called when the back of my states for the side was and how toby got on the back of my states for the side when the torus of the side of the sid

same day, even if it's just to say `thank you' and often send you feedback at the same time if we are able to.

Remember - we don't need to see all of the work that you are doing but would like to see your 'best' pieces. Aim to send these to us between two and three times each week if you can, please.

We look forward to hearing from you very soon!

Mrs Shimmin and Mrs Jaques 😊
