A short writing activity

Lamb life

The dusty, old barn had been home for the lambs since the day they were born. Now it was time for them to venture out into the wide-open pasture full of luscious, spring grass. Time for them to join the flock, make new friends and run, jump and frolic in the fields!

"Come on little ones, out you go" mumbled the farmer as she gently nudged them through the large wooden door...

Can you continue the story of the lambs' first adventure?
