

# Making Classification Keys

Using the template provided, create your own classification system based on these ocean dwellers.

# Making Classification Keys

Imagine you have discovered a new living organism.

Explain its characteristics and justify which category it belongs to when placed in a classification system.

Name of living organism:

---

Habitat:

---

Characteristics:

---

---

---

---

---

---

---

Image of living organism:

A large, empty rounded rectangular box with a blue border, intended for drawing the organism.
